

D R A F T : C R E A T E & I N N O V A T E
P h y s i c a l / C r e a t i v e M i n d

Grades K-12

Create & Innovate: The ability to make something new, such as a new solution to a problem, a new method or device, or trying something new artistically.

	Emerging With help, I am beginning to do this	Developing Sometimes I need help and sometimes I can do this by myself	Applying I can do this on my own
Express my learning in unique and individual ways	<ul style="list-style-type: none"> I repeat ideas/products of others 	<ul style="list-style-type: none"> I show a mix of some original ideas and some copied ideas. I finish the project, but I need to pay a bit more attention to detail or add some finishing touches. 	<ul style="list-style-type: none"> I choose the best way to do something based on what I am given to create with. I make something new and original I create something with detail and include many extras that produce high quality work. My work shows the learning or intention of the task
Use or apply what I have already learned to create and innovate	<ul style="list-style-type: none"> I depend on modelling and direction from others 	<ul style="list-style-type: none"> I come up with my own ideas/products based on the ideas of others I know what to do next I am open to feedback from others 	<ul style="list-style-type: none"> I think hard and deeply about the task I come up with many ideas and I choose the one that I think is the best option I am patient with my work and I include detail I can reflect on my work and make necessary/desired changes I can explain the idea behind my ideas/product
